COMBAT FITNESS

A high intensity workout that includes functional movements and strength challenges. Designed to assist you in achieving your desired fitness and skill outcomes while keeping up with operational demands. Never the same workout twice!

SPIN

The only thing you'll miss is the traffic! No matter what your cycling experience, you are sure to have a workout you won't forget. Take your fitness routine up a notch, whether you're a beginner looking to get started, or an advanced rider trying to reach a goal, we've got you covered.

VINYASA FLOW YOGA

A class that has a dynamic nature of moving from one posture to the next and challenges you to find space & stillness in the posture. This class combines sun salutations, standing postures, balancing postures and seated & lying postures into a fun class with music & themes. The perfect mid week pick me up!

CIRCUIT

A variety of different classes each week. Circuits will range anywhere from TRX, Tabata, SAQ, HIIT, & many others. Always a different class and a new surprise each week! All levels of fitness welcome.

YIN YOGA

A slower style of yoga that focuses solely on the stretching aspects of yoga. The Yin style targets the connective tissues (tendons, fascia & ligaments) and the muscles with the aim of increasing circulation in the joints & improving flexibility. Postures are held for 3-5 minutes and the use of props are encouraged so the body can feel supported and to allow the body to relax and release. Enter your weekend feeling peaceful and blissful!

****FORCE FOUNDATION - MILITARY MEMBERS ONLY**

Structured training sessions for the needs of CAF members to pass the FORCE Evaluation, and more importantly the rigours of operations. Also known as the Supplementary Physical Training Program.

AQUAFIT

A total body water workout featuring a balance of cardio as well as muscular strength and endurance. Great for all levels of fitness. Non-swimmers welcome.
