# *Emergency Family Care Plan*

The ultimate goal is for your family to have a **short term and long term** plan in the event of an emergency. Your *Family Care Plan* is broken down into several sections.

- Parent/Guardian information and Dependents information
- Emergency Child Care Plan for 0-96 hours
- Long term care after the initial 96 hours
- Non-emergency child care plan

Steps to activate your *Family Care Plan*:

- Contact and Confirm availability of your 96 hour childcare provider
- If needed, contact and confirm availability/travel with your long term childcare provider

**Contact the MFRC during regular business hours or your Duty Centre after hours if you require Emergency Childcare or Emergency Respite care.**

# *Emergency Childcare Services*

## Emergency Childcare Services (ECS)

- In the event that an emergency occurs and your *Family Care Plan* has fallen through, the ECS is available to assist families.
- Financial support for childcare during emergencies is determined on a case by case basis. ECS has specific requirements that must be met for service to be provided. You will need to contact the Military Family Resource Centre (MFRC) or Duty Centre to see if these services can be provided.

## Emergency Respite Childcare Services (ERCS)

- ERCS is available to CAF families when the parent/ guardian at home requires a period of relief (or respite). Financial support for emergency respite care is determined on a case by case basis.

## How to Access ECS or ERCS

- Contact the Shilo MFRC during business hours at 204-765-3000 ext. 3352 or the Duty Centre after hours at 204-765-3000 ext. 3044 to access ECS or ERCS. This option should only be considered when your *Family Care Plan* has fallen through.

# *Additional Family Resources*

## Family Information Line

- As the loved one of a CAF member, you can contact the Family Information Line (FIL) for support, which you may need as a result of the unique nature of military life including mental health issues.
- Counsellors can help your family obtain information as well as provide reassurances, support and referral to various services.
- Toll-free phone line: 1-800-866-4546
- Collect Calls accepted: 1-613-995-5234

## FamilyForce.ca

- This is the go-to site with information for and about Canadian military families.
- Here you will find links and information to all the Military Family Resource Centre's (MFRCs) in Canada, the United States, and Europe. As well as programs available through the MFRCs including those related to mental health and social wellness.

# *Things to Consider When Creating Your Family Care Plan*

When necessary, be sure to interview and request criminal record checks on all possible childcare providers before an emergency takes place. Talk to your child about your **Family Care Plan**.

## **First 96 hours:**

- Who would your most reliable contacts be, to provide childcare for the first 96 hours? (Ideally you should have two different contacts).
- Have you talked to your designates and have they agreed to be an emergency contact?
- Does it matter if the emergency is during the week or on the weekend? Do you need different contact numbers in case your designate is at home, work, or out of the house?
- Would an emergency contact be staying at your home or is your child staying at their home?
- Are there expectations that your child will be driven to any lessons or events planned during this time? Would you need to provide your designate access to a vehicle? Is a car or booster seat needed?
- How would expenses be covered during your absence?
- Would you be able to contact your designate or child while you are away?
- Do each of your designates have contact information for the other.

## **Additional Items for Long Term Childcare:**

- Who would be your most reliable contacts be, to provide childcare after the first 96 hours for long term childcare? (Ideally three different contacts).
- What are your expectations of your long-term childcare provider? Would they live at your house, perform daily household chores; continue with your child's regular schedule (lessons, sporting events, etc.)? Would your child stay at the caregiver's home? If so, how would they get there?
