GREETINGS FROM
YOUR MFS(E) RIGA-REMOTE TEAM

Your Military Family Services Europe / MFS(E) team wishes to congratulate you and your family on your OUTCAN posting. We would like to be the first to welcome you all to Europe! Did you know that your MFS(E) Riga-Remote team supports more than **350 members, spouses, and children posted to 16 countries** throughout Europe?

MFS(E) is here to facilitate a smooth integration for you and your family into your new posting, whatever your family unit may look like. We serve everyone from single members to blended families, so please make sure to ask us how we can best help you.

As you and your family begin the transition to Europe, MFS(E) is here to assist you along the way. Throughout your posting, you can expect phone calls, e-mails, virtual programming, as well as workshops for your spouse and children. We also send crafts and packages in the mail!

This Handbook is a living and dynamic document. Once you are settled, we would welcome your input in order to keep it relevant and current. We would like to extend our sincerest THANK YOU to our volunteers, for providing us with most of the information and for sharing their experiences and suggestions as to how to make the location guides as complete as possible.

Our website ([www.cafconnection.ca](http://www.cafconnection.ca)) can be a useful resource for your transition overseas, as it provides information that is location and country specific and provides links to current MFS(E) newsletters, programming, and even overseas job postings for spouses.

**Current MFS(E) programs include, but are not limited to:**

- Virtual presentations ranging from the [PSP Chalet Program](#) and Europe Christmas Markets (to name a few)
- Crafts For Kids Mailings (for children 3-9 years old)
- Birthday Cards for Children (up to 18 years of age)
- [Youth Employment Preparation (YEP)](#) Program (13 to 18 years old)
- **Youth Connect** (helping incoming youth connect to Canadians youth already in Europe)
- [Youth Leadership Conference](#) (annually for teens 13 – 18 years old)
- [Family Separation & Reunion Services](#)
- Host Language Training & [Virtual Language Training](#) (ask us about a Rosetta Stone license for your dependents)
- Virtual Workshops (Including Community Demo and Virtual Travel Forums)
- [Virtual Book Club through Facebook](#)
- Virtual Coffee mornings
- [Friends on a Journey program for kids](#)
- ...And so much more!
This is your opportunity to connect with other Canadian families going through a similar transition to Europe. If there is any wisdom we can pass along to you from the get go, is we encourage you and your family to build a strong support network while you are in Europe. MFS (E) is your key resource to getting in contact with others and to share your experiences and your insight.

Once you have arrived and settled at your new location, MFS(E) will provide you with a welcome package containing information specific to your location and to your unique family dynamic. Your package will be sent to you in the mail, either to your home address or your embassy / consulate (please make sure it is approved by the Embassy first!). Also, please make sure you keep us informed of your contact information, an updated telephone number and e-mail address is greatly appreciated.

If you have any questions about living in Europe or if you wish to know what your MFS(E) team can do to help you and your family, in all shapes and forms, please contact one of our staff members bellow, or e-mail us directly at: MFSE.RigaRemote@cfmws.com

We look forward to hearing about your adventures and new experiences in the near future.
Help us serve you better, don't be a stranger!

Best Regards,
Your MFS(E) Riga/Remote Team
EUROPEAN ADVISORY COMMITTEE

The Military Family Services (Europe) (MFS(E)) Advisory Committee (AC) is a group of volunteers representing Canadian Armed Forces (CAF) families and communities across Europe. The AC works to enhance MFS(E)’s capacity to implement family programs and services to all Canadian military families regardless of where they are located in Europe.

As a group of volunteers, the AC is not authorized to act as decision-makers or policy-makers. Their primary role is to provide advice to the Senior Manager MFSP Europe about the needs of the community and to evaluate the effectiveness of the program.

CAF members (in a non-official capacity), and their civilian spouses/partners and dependents (18 years or older) are eligible to volunteer for the AC. Fifty-one (51) percent of the voting membership must be civilian family members of CAF members. Members representing a particular region must reside in that region at the time of recruitment and must have the support of their local CAF Commander.

The MFS(E) AC meets on site at the Canadian Forces Support Unit (Europe) in Geilenkirchen, Germany once a year, usually in the winter. All other meetings, usually held every second month, are conducted on-line. No special computer equipment or program required but reliable internet is required. If you have any questions or would like to discuss this opportunity further, please see the website.

USING THIS GUIDE

Moving around in the guide:

• To go to a Table of Contents entry or a website link, simply click on it

• To search for a specific word, use the Find tool by pressing “Ctrl” then F

Several of the websites referenced in this guide will be in a language other than English. There are a couple of options to obtain the information in English:

• You can enter the address of the website directly into https://translate.google.com/ and it will translate the entire website

• If you have Google Chrome, you can right click anywhere on the page and it will bring up a dialog box which often has a “Translate to English” option. Due to website formatting, this option may not be available for all pages or for all text on the page.

• Some sites have the option to change the language. These sites will have either a drop-down menu listing multiple languages or flags symbolizing the language. Simply click on the language or flag (typically a British or American flag) to see a translated version of the website. Often this option can be found in the top right corner.
This guide is an ongoing work in progress, and we need your help:

- Our Handbooks heavily rely on the time, energy and experiences of our families posted to Europe. For that reason, some sections may be more complete than others.
- Please let us know of any errors or omissions and we will update them in the next edition.
- If there is a topic you’d like added to the next edition, do not hesitate to let us know.

**You can contact us at:**

MFSE.RigaRemote@cfmws.com

**DISCLAIMER:** Due to the fact that rules and regulations are ever changing, please ensure you do your own research and consult with the resources provided for the most up-to-date policies and procedures before making any assumptions or relying on information provided here as accurate as policies and procedures change and could be different from the time this document was created and updated. Thank you for your cooperation and attention in this matter.

GEOGRAPHY/POLITICS

Lithuania is a country located in the Northern-Eastern part of Europe. It is a country in the Baltic region, along with Latvia and Estonia (the Baltic States). It lies along the Southeastern part of the Black Sea, and borders Poland, Latvia, Belarus and Kaliningrad (a Russian exclave). It is known officially as the Republic of Lithuania.

Lithuania is a secure and safe country and is a member of the North Atlantic Treaty Organization (NATO), the European Union (EU) and the Schengen area. A welcoming country that encourages multilingual and multicultural diversity, Lithuanians embrace all ethnic origins.

Lithuania was a powerful empire that dominated much of eastern Europe in the 14th-16th centuries before becoming part of the Polish-Lithuanian confederation for the next two centuries. Aside from a brief period of independence from 1918 to 1940, Lithuania was occupied by Russia beginning in 1795, was controlled by Germany for a brief period during World War II, and was incorporated into the U.S.S.R. in 1944 as one of its constituent republics. On March 11, 1990, Lithuania declared its independence by a unanimous vote of its newly elected parliament. The new Soviet parliament acknowledged Lithuania’s independence on September 6, 1991. The last Russian troops withdrew in 1993. Lithuania subsequently restructured its economy for integration into Western European institutions; it joined both NATO and the EU in the spring of 2004. In 2015, Lithuania joined the euro zone, and it joined the Organization for Economic Cooperation and Development in 2018. The capital is Vilnius. (Retrieved from: https://www.britannica.com/place/Lithuania).

Lithuanian soils range from sands to heavy clays. Sandy soils cover one-fourth of Lithuania, and most of these are blanketed by woodlands. A distinctive feature of the Lithuanian landscape is the presence of about 3,000 lakes, mostly in the east and southeast. The boggy regions produce large quantities of peat that, dried by air, is used in both industry and agriculture.

With a constantly growing Gross Domestic Product (GDP), Lithuania is experiencing major growth and offers great opportunities in the information and financial technology sectors, robotics, biotechnologies, manufacturing, construction and engineering. Lithuanians produce excellent products in laser technology, nanotechnology and orthopedic industries.
Population:
Fairly even population distribution throughout the country, but somewhat greater concentrations in the southern cities of Vilnius and Kaunas, and the western port of Klaipeda. The most recent population estimation for Vilnius (2015), puts the population at 542,664.

CLIMATE
Lithuania has a relatively mild climate that ranges between maritime and continental, depending on where you are in the country. On the coast average summer temperatures are around 16 °C, and drop to −2.5 °C in the winter. Inland temperatures in the summer are 20 °C on average and −6 °C in the winter months.

Average annual precipitation also varies across the country, from 800 mm on the coast to 900 mm in the Samogitia highlands; the eastern part of Lithuania can experience severe storms in the winter months. Snow is common every winter throughout Lithuania.

Geography: Fertile central plains are separated by hilly uplands that are ancient glacial deposits.

Geographic coordinates: 56 00 N, 24 00 E

Land Area
- Total: 65,300 sq km
- Land: 62,680 sq km
- Water: 2,620 sq km
- Country comparison to the world: 124
- 90 km of coastline

Elevation
- mean elevation: 110 m
- lowest point: Baltic Sea 0 m
- highest point: Aukstojas 294 m

Natural Hazards: occasional floods and droughts.

LANGUAGES
The official language of Lithuania is Lithuanian. Russian, Polish, Belarusian, Ukrainian, and other languages are spoken in the larger cities. Yiddish is commonly spoken by members of the tiny remaining Jewish community in Lithuania.
English is not widely spoken – Lithuanian law dictates that all business must be conducted in the local language – and international arrivals will find they’ll need to learn at least basic Lithuanian to get by conversationally. The language is notoriously difficult to learn.

Although Lithuanian is the official language of the country about 80% of youth speak English.

**Learning the Language**

The ability to speak and understand your host nation's language will ensure your European post is as rewarding as possible. It will make day-to-day life such as grocery shopping and banking easier. It will also be easier to connect and build friendships and ensure your cultural experience is more enriching.

Rosetta Stone is the world’s number one language-learning program. We offer Rosetta Stone licences to Canadian Armed Forces Military Spouses. If you are interested in Host Language Training, contact the Military Family Services (Europe) Virtual Programs Coordinator at mfse.virtualprograms@cfmws.com.

Besides Rosetta Stone, there are options to take classes at your local centre or on the economy. There are also various online resources available. Please see the Host Language Document:

or contact your Virtual Programs Coordinator for more information.

**RELIGION**

An estimated 80% of the population is Roman Catholic. There are smaller groups of Evangelical Lutherans and other Protestants, as well as people of other faiths. Elements of the pagan religion have survived in the countryside.

**COST OF LIVING**

During the Soviet occupation, Lithuania used the Russian ruble as its currency. The litas, the national currency, which had been introduced to Lithuania in 1922, was restored in 1993. In January 2015 Lithuania became the 19th country to adopt the EURO as its official currency.

The overall cost of living in Lithuania, is affordable for a Canadian, despite being on the Euro.
Cost of living in Lithuania is 32.05% lower than in Canada (aggregate data for all cities, rent is not taken into account). Rent in Lithuania is 57.29% lower than in Canada (average data for all cities).

Please see examples of priced items in Lithuania here: https://www.numbeo.com/cost-of-living/country_result.jsp?country=Lithuania

Keep in mind that most items and services will be more expensive in major cities, such as Vilnius.

**CULTURAL NUANCES, ETIQUETTE AND TRADITIONS**

Lithuanians are very proud of their local culture and identity, and for good reason. In a large part thanks to the underground resistance that existed during the Soviet occupation, the Lithuanians maintained a large aspect of their own culture (compared to the other Baltic Sates). Lithuania is known for it's beautiful art and vibrant colors. The Lithuanian folk art is mainly embodied in ceramics, leatherwork, wood carving, and textiles; its coloring and its original geometric or floral patterns are characteristic features.

**FOOD**

Cabbages and potatoes form a considerable part of the Lithuanian diet, as do dairy products. Traditional dishes include cepelinai, a large, zeppelin-shaped, stuffed potato dumpling; cabbage rolls; cold beet soup; and potato pancakes.
PUBLIC HOLIDAYS

Information retrieved from: https://www.lithuania.travel/en/category/traditional-holidays-1

As a predominantly Roman Catholic country, Lithuania celebrates all the major Christian holidays. The traditional Christmas Eve feast consists of 12 vegetarian dishes served on a straw-covered table, meat being saved for Christmas Day.

In many cases, traditional Lithuanian holidays that originated in Baltic paganism and got additional meaning with the advance of Christianity, are no less colorful than Easter eggs, Shrove Tuesday Carnival or the garlands of Midsummer Night. The Baltic, Christian and modern customs of worshipping the cycle of nature do not make a dissonance, but create a celebrated tradition that is unique to our country.

**Epiphany - January 6th**

Marking the end of the Christmas season, the streets of Lithuanian cities fill up with parades carrying the effigies of the Three Kings (the Magi), Caspar, Melchior and Balthazar, on their way to visit baby Jesus.

**Shrove Tuesday**

On Tuesday, the last day before the period of contemplation and fasting (46 days to Easter), an archaic winter festival is celebrated – the merriest carnival of the Lithuanian calendar. During the Lithuanian Mardi Gras, people are supposed to eat a lot of fat food, be loud, noisy, cheeky and wild. Participants of the carnival wear impressive masks of the characters of this celebration, eat countless pancakes and other fat dishes.

**Palm Sunday**

On the day that marks the beginning of spring (one week to Easter), the streets of Lithuanian cities and towns burst into bloom! Lithuanians take branches of juniper or ornate Palm Sunday palms (Lith. verba) to church to be consecrated, believing that they will protect their home from evil and bad luck the whole year.

**Easter**

Easter eggs are the main attribute of Lithuanian Easter. Coloured eggs symbolizing life and rebirth, are the main Easter dish, and the main object of Easter traditions and games.
**Midsummer Night - June 24th**

The main holiday of the warm season in Lithuania celebrated on the shortest night of the year (June 24), is very romantic. During the Baltic traditional festival normally celebrated in the open air, for example, on the hill forts of Kernavė, Mount Rambynas or in Jonava, women make garlands from grass and flowers, huge bonfires are lit, people dance and sing, and when it gets dark, they set out to search for the mysterious blooming fern. This day is also the name day of one of the most popular man’s names in Lithuania – Jonas.

**State Day of Lithuania - July 6th**

On the day of the crowning (July 6) of the only King of Lithuania, Mindaugas, you can witness a modern Lithuanian tradition. In all the towns and cities of the country, and in other countries, Lithuanians sing the national anthem at a certain agreed time. Not even a decade-old tradition, yet it is one of the most successful and beloved in the country.

**The Assumption Day - August 15th**

Every church organizes celebration of the Assumption of the Blessed Virgin Mary (August 15). The biggest celebrations take place in Pivašiūnai, in the Alytus region. Local people bring along flowers as well as wheat ears as a symbol of the new harvest.

**September Equinox**

When the days begin to shorten and the circle of nature comes towards the end, it is time to enjoy the new harvest, give thanks for it, and prepare for the dark period. During the autumn equinox, it is customary to organize markets selling products of the latest harvest. Another attraction of the festival – the burning of straw sculptures and various fire shows – probably the most impressive of them takes place on the Neris waterfront in Vilnius. September 22, the day when in 1236 in the battle of Saulė, the united forces of Baltic tribes defeated the Livonian Brothers of the Sword, was declared in 2000 by the Latvian and Lithuanian Parliaments as Baltic Unity Day.

**Christmas Eve - 24 December**

Families scattered in different cities and countries sit down together at the Christmas table, eat at least twelve traditional dishes, share the traditional Christmas wafer, and enjoy each other’s company. Christmas Eve is the most mysterious night of the year. It is believed that
on this night, at midnight, animals can speak, water in the wells turns into wine, and prophecies and dreams come true.

**Christmas - December 25th and 26th**

Following the peaceful Christmas Eve and magical night, comes the joyous, happy and generous Christmas Day (December 25-26). The Christmas spirit permeates every home, the streets and squares, where many concerts, performances, events for the whole family take place. International tourism experts recommend Vilnius as one of the best cities to visit at Christmas time.

**BEFORE YOU COME**

**Things to Consider/Bring:**

- Immunization Records (for school registration – don’t pack in the sea shipment!)
- Long form birth certificates and your marriage certificate (this may be required for entry to DoDEA school – to prove dependents are “yours”, a Canadian posting message may not be enough. Also, don’t pack in the sea shipment!)
• If your children will be participating in sports on a US Garrison or in a DoDEA school, they will require a sports physical. It can be challenging to get this done on arrival, so if possible, have their Canadian doctor complete the form before leaving. This will cost, but it may be claimable through Sun Life. Get the form from the school on your HHT.

• If your teens participate in the Youth Employment Preparation (YEP) Program, they will require a Social Insurance Number (SIN). Get this well before leaving Canada.

• If you plan on working in a field that may require a Police Check, get one done before leaving Canada.

You and your family are all ambassadors for Canada while you are here. You will likely get invited to a neighbour’s home or participate in hosting an international night or Canadian social for your military community or spouse’s community or your children will have an international day at their school where they will showcase Canada. If you can stock up on Canadian goodies, they will be a big hit. Everything from the items the local dollar store has for Canada Day celebrations in July to decorations to gifts that symbolize Canada (maple syrup, Aboriginal/Inuit crafts, books, flags, maple leaves, Canada clothing, children’s stuffed animals of beavers or RCMP…. get creative!).

Some people really miss their Kraft Peanut Butter, Tim Horton’s coffee, Kraft Dinner, Coffee Crisps, real maple syrup or ketchup chips and prefer to bring a bit of a stockpile of comfort food as these items are not available in Europe or you will pay a high premium to be able to get them. Some common cooking ingredients can also be hard to track down so you can either bring graham wafer crumbs or improvise by crushing up digestives. The choice is yours and it is part of the experience. Just as you can’t get some of that comfort food you have been used to, you will get to experience all kinds of new and interesting tasty treats while in Europe.

GETTING SETTLED

MAKING PHONE CALLS

Calling Within Europe

Country code Lithuania: +370

There is no standard way to write a European phone number, which will lead to confusion. This is the same number, written different ways –

+49 - 89 - 343 80 - 14  +49 (89) 343 80 – 14  0049 (0) 89 343 80 – 14
(089) 343 80 – 14  089 / 343 80 – 14  089 343 80 14

The “+49” at the start is the exit code and German country code. The “89” is the area code and the “3438014” is the phone number. There is no standard length for area codes (2-5 digits) or phone numbers (5-12 digits).

So…when dialing within the country you’re in, you do not need the exit code and country code (+49).

If you’re dialing within the same area code, you do not need to enter the area code. But it’s a good idea to use it just in case!

Calling Outside of Lithuania

The exit code for calling out of the country in Europe is 00. You then follow that with the country code, area code, and telephone number. The “+” means to use the exit code for the country you’re in – in Europe, that’s 00, in Canada, it’s 011. You can use the “+” on your mobile phone as the exit code, and your phone should pick up the right exit code, no matter what country you’re in!

Calling Canada from Lithuania

Toll Free and Charges for Calls

Per minute charges for calls

Check your phone contract, both land line and cell phone. Many families have been surprised by charges on their bill for calls they thought were “free” or included. Depending on your contract, you may end up paying per minute for local calls. It is common for calls to be free to numbers with the same provider, but not always. Some contracts charge for calls to cell phone numbers, but land lines may be included. The same applies to long distance – if you get a plan that includes calling to Canada, that may only include calls to land lines.

Check the plan for the term “flat”, which means that calls are included – “Germany flat” means you can call anywhere in Germany, where “Vodafone flat” means your calls to other
Vodafone customers are included. If you have a landline, you may have to pay to call a cell phone, or vice versa.

**0800**

0800 is the dialing prefix for Toll Free Calls in most of Europe.

**0900 and 0180 calls**

0900 numbers are “premium-rate” services, and 0180 numbers are for service-oriented calls and are billed at a per minute or per call. Costs will vary.

**WHERE TO LIVE**

Postings are presently in Vilnius, the capital of Lithuania.

*Please note that this section is currently being developed. If you have questions, contact us at MFSE.RigaRemote@cfmws.com; we are happy to assist you with your new posting. If you have further information to add, please let us know. We are always open to suggestion.*

**HOUSES AND REALTORS**

Here is some information regarding the realtor agency you can find in Vilnius. Aruodas, Remax, ReBaltic and Ober-Haus. The realtor does not work entirely like they do in Canada. They work for the landlord and only show properties on the agency listing. You may need to contact more than one realtor to be able to see all the possibilities.

HOUSING

Most accommodation in Lithuania's cities consists of Soviet-era apartment blocks, while detached houses can be found further away from city centres. Lithuania has a comparatively low cost of living compared to other West European countries.

RENTING AN APARTMENT

Landlord and tenants negotiate on the rental price. Advance payment can only amount to the first month of rent and nothing more. Rent is paid on the 20th of every month.
Usually a lease is for a duration of 1 year, if unspecified then the contract is deemed indefinite. Should a tenant decide to terminate the contract, they must submit this in writing 1 month before the intended date of termination.

Apartments can go between 800 to 2,000 Euros per month, depending on the closeness to the city center and other important amenities and civic services.

**RELIGIOUS SERVICES**

Some of the churches offer religious service in different languages. One of them gives you the opportunity to assist to an English mass:

Holy Mass in English Language

TRAVEL & TRANSPORTATION

Remain vigilant and ensure personal belongings, passports and other travel documents are secure at all times.

Carry a valid Canadian passport, whether you are travelling in any other foreign country. A Canadian passport is the only reliable and universally accepted travel and identification document available to Canadians for the purpose of international travel. When you make purchases with a credit or debit card, your passport will be required to verify your identity.

Exercise normal safety precautions. Ensure that your personal belongings, passport and other travel documents are secure at all times. Keep a copy of your passport identification page, driver’s license, train or airline tickets, and credit cards. Safeguard the originals. Be advised that many countries require visas in advance either for official or vacation travel. It is recommended you research the policy for each country prior to travel. For the most updated information please visit: https://travel.gc.ca/travelling/advisories

ITEMS YOU SHOULD HAVE IN YOUR CAR

The following items are useful and should be carried in your vehicle:
- Proof of identity – certified true copy of passport is always best.
- Proof of Insurance
- First aid kit (to include 2 pairs of disposable gloves).
- Warning triangle
- Reflective vests for any passengers who leave the vehicle; e.g. when stranded by the side of the road. One vest per seat is required
- A disposable camera or a small digital camera in your accident kit (optional)
- International Driver’s License
SUBSIDIZED TRAVEL

The Chalet Program offers accommodation options in various parts of Europe at a 40% subsidy. It is open to all European Fund members and chalets are awarded by draw. For more information please visit:

- https://www.cafconnection.ca/Europe/Programs-Services/Chalet-Program.aspx

NON-UNIT FUND AND CANEX/SISIP GRANT

As a CAF member of Formation Europe, you and your family are members of the European Fund (EF). EF members who are not part of a Unit Fund due to their geographical location are termed Non-Unit Fund (NUF) members. In order to ensure equitability across Formation Europe, all EF members have the same entitlements; however, certain entitlements are managed differently depending on location. See this link for more information:

AIR TRAVEL

There are four major airports in Lithuania, the biggest of which is the Vilnius International Airport. The others are Kaunas Airport, Palanga International Airport, and Siauliai International Airport. The other smaller airports have paved runways are only able to accommodate small, domestic flights.

PORTS

Lithuania has three major ports, Būtingė, Klaipėda, and Sventoji, all located on the Baltic Sea. Many expatriates moving to Lithuania have their furniture and large personal
belongings shipped to one of these ports, or have them driven into the country through Europe. Lithuania has direct rail links with some neighbouring countries, including Latvia, Belarus, Russia, and Poland.

PUBLIC TRANSIT

The city is efficiently served by buses and trolleybuses from 5am to midnight; Sunday services are less frequent. Single-trip tickets cost €1 when bought from the driver. If you get a *Vilniecio kortele* (electronic ticket) for €1.50, single journeys cost €0.65 or you can buy 24-/72-hour passes for €5/8 (www.vilniusticket.lt). Public transport is free if you have a *Vilnius City Card* (sold in tourist information centres). Fare evaders risk a fine.

Quicker minibuses shadow most routes. They pick up/drop off passengers anywhere en route (not just at official bus stops) and can be flagged down on the street. Tickets cost €1 from the driver.

Note that much of the Old Town is closed to traffic, meaning that very few buses and trolleybuses service this part of town. For destinations within the Old Town, you’ll normally have to hoof it.

Read more on www.vilniustransport.lt and browse routes on www.stops.lt. There are transport maps available at tourist offices.

TRAINS & BOATS

For long distance travel, you can use the Lithuanian train network, which runs 1749 km across the country and has direct links to nearby Russia, Latvia, Poland, and Belarus. You can also travel by boat from any of Lithuania’s ports on the Baltic Sea at Klaipėda, Šventoji, and Būtingė.

TAXIS

Taxi rates in Vilnius vary; they are generally cheaper if ordered in advance by telephone than if hailed directly off the street or picked up at a taxi stand. Ask the hotel reception desk or restaurant to call one for you. Reliable companies:

ADMINISTRATION

BANKING

Local Currency: The Euro

In 2015, Lithuania adopted Euro (Lithuanian: Euras (singular), Eurai (plural)), symbol €, as its currency. Euro is divided into 100 Eurocents (eurocentas, eurocentai). There are banknotes of 5, 10, 20, 50, 100, 200, 500 and coins of 1, 2, 5, 10, 20, 50 Eurocents and 1, 2 Euro. Euro is used in many European countries and the banknotes are similar everywhere, lacking any Lithuanian details. Some coins have Lithuanian coat of arms (Vytis) on them, but the coins with details of other European countries also circulate within Lithuania.

The top banks in Lithuania are:

- Swedbank Lithuania
- Luminor AB
- SEB Banka
Some of the largest banks in Lithuania, with products suited to expats are:

- Swedbank
- SEB
- Luminor
- Citadele

**Bank Accounts and Financial Considerations**

**Bank Cards / Credit Cards**

Credit/debit cards are widely but not universally accepted in Lithuania. They are less popular in smaller towns and are never used in traditional marketplaces. Chain stores and restaurants are more likely to accept cards than independent alternatives. ATM machines are readily available, especially near main supermarkets. Visa and Master Card are the most common cards; acceptance of American Express is more limited.

**Online Banking Payments – IBANs, BICs, and TANs**

Bank accounts in Europe have an “IBAN” (International Bank Account Number) and a “BIC” (Bank Identifier Code). You will use these for making payments and receiving money. If you are paying a bill, you will typically find their IBAN on the bill and you can use that in your online banking to make the payment. You will also provide your IBAN to companies to pay your bills (insurance, gym payments, cell phone, etc). The orderly room and claims section at CFSU(E) will use your IBAN to deposit pay and claims into your bank account.

To make a payment, you will often need a TAN (Transaction Authorization Number). This can be a complex thing to get used to in Europe. You will likely get a sheet of TANs when you initially get your bank account, but then through your mobile banking you can use mobile TANs (a number sent to your phone) or photo TANs with an app on your phone. To use mobile or photo TANs, you will need to register your mobile number in the online banking.
Money Transfer

You will likely have a requirement to move money between Canadian and European accounts. Transferwise.com and XE.com are both worth looking at for this.

INSURANCE

Occupants are encouraged to carry personal property insurance as well as public liability insurance which will protect them against claims by third parties.

CRA AND RESIDENCY STATUS FOR SPOUSES/DEPENDENTS

Completing and submitting an income tax return from OUTCAN can be even more fun than doing it in Canada. In the past, there has been significant confusion regarding the residency status of spouses. Unfortunately, some CAF families have found out that choosing incorrectly can have a major financial impact. Many have found this issue confusing and have sought professional tax advice.

The following information regarding residency status has been provided to us by the CRA:

<table>
<thead>
<tr>
<th>Spouses of Canadian Government Employees on Foreign Assignment – Residency Status for Tax Purposes</th>
</tr>
</thead>
<tbody>
<tr>
<td>The purpose of this document is to provide general residency information for the spouses of employees of the Department of National Defence (“DND“)/members of the Canadian Armed Forces (“CAF“) and Department of Foreign Affairs, Trade and Development (“DFATD”) Canada that are sent on foreign assignments. This document does not address all possible situations that may require more analysis when determining the tax implications.</td>
</tr>
<tr>
<td>Please note that our reference to a spouse in this document includes a common-law partner.</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Spouses that Intend to Return to Canada and expect to Maintain their Canadian Residency</th>
</tr>
</thead>
<tbody>
<tr>
<td>Where you are the spouse of a Canadian Government employee and are moving with your spouse and family to another country for your spouse to carry out a foreign assignment for the Government of Canada and it is your intention to return to Canada following the assignment, then you will be considered a factual resident of Canada. This factual residency is based on your intention to return to Canada as well as your secondary residential ties maintained with Canada, as described in paragraph 1.14 of Folio S5-F1-C1.</td>
</tr>
<tr>
<td>Please do not complete a Form NR73, Determination of Residency Status (Leaving Canada).</td>
</tr>
</tbody>
</table>
As a factual resident, you will have to complete and file your Canadian Personal Income Tax Return and you will meet the residency requirement for Canadian benefits administered by the CRA.

**Spouses that do not expect to Maintain their Canadian Residency**

If you believe that you will be a non-resident of Canada when you leave with your spouse and family for the foreign assignment because your intention, primary ties and secondary ties support your status as a non-resident of Canada, then you should complete Form NR73, Determination of Residency Status (Leaving Canada). The Canada Revenue Agency will review the information provided in your completed Form NR73 to determine whether or not you will be considered a non-resident of Canada.

If it is determined that you will be a non-resident of Canada, you should know the tax implications, which include:

1. You will be deemed to have disposed of certain properties that may give rise to capital gains (taxes on gains can be deferred by using Form T1244, Election, Under Subsection 220(4.5) of the Information Sheet Income Tax Act, to Defer the Payment of Tax on Income Relating to the Deemed Disposition of Property);
2. You will only be able to create additional RRSP room if you have earned income in Canada;
3. You will not be able to contribute to a Tax Free Savings Account; and
4. You will be subject to tax of up to 25% on certain payments from Canadian sources, such as investment income (Part XIII tax).

For further information with respect to the determination of an individual’s residence status, please consult CRA’s Income Tax Folio S5-F1-C1 available at: http://www.cra-arc.gc.ca/tx/tchncl/ncmtx/fls/s5/f1/s5-f1-C1-eng.html

Further information on how income tax rules apply to Canadian residents that leave the country can be found in http://www.cra-arc.gc.ca/tx/nnrsdnts/ndvdls/nnrs-eng.html

Should you have any further questions or require additional information regarding this, please do not hesitate to communicate with the International and Ottawa Tax Services Office.

Pets are part of the family but bringing them with you can be challenging. International requirements vary from country to country, so it’s critical to work with quality international pet transport companies that are up-to-date with current import regulations. Make a pet packing checklist with our Have pet, will travel article.

Moving pets may be simpler within Europe, but make sure that your pet has an official EU Pet Passport that shows your trusty companion has obtained the necessary medical checkups and vaccinations to cross borders safely. Also, be aware of varying pet relocation laws, even within the EU.

If you choose to bring a pet into your family after relocation, then check out how things work in your new country, such as whom to call should your pet go missing and the best places to choose pets. Dog and cat homes, for instance, may be a better bet than buying from another source.

Understand the rules about pets in your country, such as cleaning up after your dog, and make sure you comply. Don’t always do as the locals do, as this may not endear you to your neighbours! Understand how pets are viewed in your new country of residence. You may find the local attitudes to pets and animals in general differ widely from your own.

**CAF Member Assistance Program**

Military members and their families can also contact the CAF Member Assistance Program at +1 800 268 7708. This is a voluntary and confidential service that allows callers to speak with a professional counsellor and is available 24 hours a day, 365 days a year. Please note that Canadian toll-free numbers are not free when calling from another country, but the CAF Member Assistance Program will also accept collect calls at +1 613 941 5842.

**Family Information Line**

The Family Information Line offers confidential assistance and supportive counselling 24/7. When you call you will be connected to one of their experienced professionals who can connect you with local and national resources. The Family Information Line can be called toll free, from Europe, at 00 800 7711 7722.

**Local Resources**

Military families can also access resources in their community, as recommended by their doctor or other sources, but they should ensure with their Public Service Health Care Plan that they will be covered for the services they are considering. For their services, military members are required to go through their medical system or the CAF Member Assistance Program.

ON THE ROAD

GENERAL

Lithuania has around 22,000 km of road, almost 13,000 km of which are paved. If you wish to drive whilst living in Lithuania then you can do so legally using an international driving license.

Driving under the influence of alcohol is strictly prohibited in Lithuania, and can result in incarceration.

DRIVER’S LICENCE

You can use your Canadian driver's license, but it is advised to get an international driving license. An international driving license may be used to drive legally in Lithuania for a limited period. For extended stays, Canadians must exchange their domestic license for a local Lithuanian one. Citizens from the EU may use their domestic license freely.

ROADWORTHINESS TEST / SAFETY / CAR INSURANCE

You need to pass a roadworthiness test before the registration of your vehicle. You will need to provide a document of lawful ownership and your driving license. You need to do the test every two years. "Nemenčinė tis" , is the most recommended one. You can call 7 days in advance to make an appointment. Phone: (85) 2 661122.

You must have your car insurance before the registration. You can take a 30-day temporary insurance, only for your registration. The cost is an estimated 6-10 euro. After your registration, you can choose between two types of insurance: BASIC (compulsory) and KASKO (full cover).

VEHICLE REGISTRATION

To register a car that was imported from abroad you need to take following steps:

- Pass a roadworthiness test (techninė apžiūra).
- Get insurance cover.
- If your car was previously registered in a non-EU country/Norway/Switzerland you will have to get a Certificate of conformity.

For more information you can visit https://www.renkuosilietuva.lt/en/car-registration/
EMISSION STICKER

Emission stickers are not required.

European Green Zones

Germany (58 zones), France (28 zones), Belgium (3 zones), Denmark (5 zones), and Austria (6 zones) have Green Zones and corresponding stickers. If you will be driving in the Green Zones of those countries, you may need a sticker for your car. You can order a sticker for your vehicle from the links in this website:

https://www.green-zones.eu/en.html

ITEMS IN YOUR CAR

The following items are useful and should be carried in your vehicle:

- Proof of identity – certified true copy of passport is always best.
- Proof of Insurance
- First aid kit (to include 2 pairs of disposable gloves).
- Warning triangle
- Reflective vests for any passengers who leave the vehicle; e.g. when stranded by the side of the road. One vest per seat is required
- A disposable camera or a small digital camera in your accident kit (optional)
- International Driver’s License
- Fire extinguisher

Traffic Office:

+CFSUEFE@forces.gc.ca (Traffic Section)
+49 (0) 2451 717 119
+49 (0) 2451 717 136

BIKING/MOPED

It is compulsory to wear a helmet till 18 years old. It’s also compulsory to wear a luminous vest and lights during the night.

MOTORCYCLES

Documents you must have with you

- Driving licence and vehicle registration certificate
- ID card or passport (since 26.6.12 it has also been obligatory for children travelling within the EU to have their own identity document.)
- International Motor Insurance Card (Green Card) is mandatory.

It is mandatory to wear a helmet! Only helmets which conform to the ECE 22 standard are approved.

All vehicles must have their headlights on even during the daytime.

Speed limits

- Within built-up areas: 50 km/h
- Outside built-up areas: 90 km/h
- Motorway (freeway): 110 km/h

PARKING

The charges for the parking in Vilnius depends on color of parking zone.
On the terminal, you will be able to find the charges per hour. Some of the terminals provide you with a ticket that you need to place inside your car. Others simply register your license plate. Be sure to look carefully.

You can also use the application (m.Parking). You may need some help to set-up your application the first time but it’s easy to use afterwards.

Another way to pay your parking is to use the SMS parking ticket. You send the first letter of the color zone and your plate number to 1332. Ex: (Z ELT128 ) And to stop, you just send STOP to 1332 for parking ticket end time.

*For the application and the SMS service you need to have Lithuanian SIM card.

**TOLLS**

When traveling, be aware of toll costs. To drive on the autoroutes in Switzerland, for example, you require a sticker (called a vignette) on your windshield. The vignette is only available as an annual purchase. For Austria, you can purchase a 10-day, 2-month or annual vignette. In France, you will find toll booths on the autoroute. For some you pay a toll to go through the booth, for others you take a ticket and pay when you exit the toll road. The website https://www.viamichelin.com/ is an excellent resource for calculating toll costs before a trip.

**DRIVING SPEED**

- 50 km/h in built-up areas
- 70 km/h on unpaved or cobblestone roads outside of built-up areas.
- 90 km/h on asphalt or concrete roads outside of built-up areas
- 110 km/h on both motorway and expressway during period between 1st of November and 31st of March.
- 120 km/h on expressway (greitkelis) during period between 1st of April and 31st of October.
- 130 km/h on motorway (automagistralė) during period between 1st of April and 31st of October.

**Speed Cameras**

Lithuania does use speed cameras.
SAFETY BELTS AND CHILD SEATS

It is compulsory to wear seat belts on all seats equipped with a belt. Children under 12 years are not allowed in the front seats of cars unless there is a child restraint adapted to their size. Children under 3 must be seated in a special seat of an approved design adapted to their size. If the car is equipped with airbags at the front, it is prohibited to place a child in a rear facing seat on the front passenger seat.

MOBILE PHONES

It is prohibited to use a mobile phone while driving without "hands free" equipment.

WINTER TIRES

Winter tyres are compulsory on cars from 1 November to 1 April. Spiked tyres may be used from 1 November to 9 April. Vehicles with spiked tyres must have a sticker at the rear. This is also strongly recommended for foreign-registered vehicles.

ALCOHOL AND NARCOTICS

The legal limit for drivers is 0.04% alcohol in the blood. For novice drivers (less than 2 years experience) the limit is 0.02%. Breath tests are frequent in Lithuania.

ROADSIDE ASSISTANCE / IF INVOLVED IN A CAR ACCIDENT

Here’s 3 different company that offer roadside assistance:

- Falck
- Tralas24h
- ALD automotive.
BUYING OR SELLING A CAR

Selling a Car

Whenever your car changes hands, even if only for scrap, and the new owner does not have NATO SOFA privileges, this transaction must first be reported to Customs. VAT and/or Customs duties may be payable on the present value of the car. Customs can only assess the present value when they see the car. You can either drive the car to the Customs office, or arrange for Customs to view the car at its present location. If it is no longer movable, there will be an extra fee for this. Customs can levy applicable charges against the seller or the buyer. Who ultimately pays depends on the deal you arrange – preferably in writing – with the new owner.

Failure to report the sale of your car to Customs, and to report it BEFORE the transaction is complete, is a Customs offence, viewed more seriously if the transaction is never reported.

In addition to a surcharge on Customs and taxes and detrimental assumptions on the value of your car that may be made in the absence of car and/or paperwork, you also risk prosecution. As Canadians in Europe we must respect host nation law. The other consequence of an unreported sales transaction, especially if car papers are handed over, is that it leaves the door wide open for illegal transactions, such as the shipment of stolen cars across borders. The papers you hand over to a new owner may be used to give a stolen car a new identity, a crime that is widespread since the opening of borders to the former East Bloc countries.

If in doubt, consult with the Traffic Office. This is also where you obtain the correct paperwork to be completed and taken to Customs. Also, check with Traffic when selling your vehicle to a NATO ID Card holder.
INTERNET/TELEVISION/MOBILE PHONE

INTERNET
Lithuania is a heaven of the internet with the fastest public Wi-Fi in the world (Rotten Wi-Fi tests, 2014) and #1 in the EU for fibre-to-premises penetration (Fibre to the Home Council, 2015).

Voice over Internet Protocol (VoIP) Phones

Several Canadian families have used a VoIP phone, and this is worth investigating before leaving Canada (so you can keep your number).

With a VoIP phone, you can keep a Canadian phone number. This has a few benefits. Your family and friends can call you, and you can call them, without overseas long-distance charges. Besides cost, it is also less confusing for people who may not be used to European calling (like elderly parents). Keeping a Canadian phone number also can help when completing online forms, banking, registering on Canadian websites etc. And finally, if you want to keep a phone number for continuity, you can move a number to a VoIP provider when you move OUTCAN, then move the same number back to a Canadian provider when you return.

Which provider to use? There are several, with varying costs and services. MagicJack and Vonage are two of the big companies, but many other VoIP providers are out there.

ELECTRICITY

Electricity in Europe differs from electricity in Canada, in that the voltage is higher and the frequency is lower. In Canada our electricity is 110V 60Hz, while in Europe, they have 220-230V and 50Hz. Some electronics are not compatible with European power and require transformers, while others are dual voltage and only require a plug adapter.

To find out if an electronic is dual voltage, look for the electronic information on the product. This information is often found on the bottom or back of the product, or on its battery pack. If the input gives a range such as 100-240V 50-60Hz, then the product is dual voltage and works with both Canadian and European electricity. If the input does not give a range and only says 110V 60Hz, then it is not compatible with European electricity.

Dual Voltage

If your product is dual voltage, then all you need is a plug adapter in order to use it. Since the product is already compatible with the local electricity, all the adapter does is allow the prongs to fit the electrical outlets. If you use an adapter with a product that is not dual voltage, you will not only damage your product, but you may also cause electrical damage to the building.

Lamps are considered dual voltage; however, you will need to replace the light bulbs with European lightbulbs.
**Single Voltage**

If your electronics only says 110V 60Hz, then it is not compatible with European electricity. In order to use it while in Europe, you will need to use a transformer. Transformers convert the local electricity to 110V 60Hz, so you are able to plug devices into it as if you were plugging them into a wall in Canada.

Most electronic devices have a prominent label that looks like this picture. On this device (a camera battery charger), you can see that after "Input" it says "110 - 240 volt", which means that it can be used with any voltage within that range, including the 110 volt standard in Canada or the 220-230 volt standard in much of Europe. All you'll need is a plug adaptor.

On this next label, you can see that this coffee maker is **NOT** dual voltage. It lists simply "120 volts". Other items may say "110" - anything in this range is a standard North American appliance. If you want to use something like this overseas, it will need to be on a transformer.

In this final image, you can see that some appliances have a switch for use between higher and lower voltages. This can be used overseas with only a **plug adaptor**, but don't forget to flip the switch!

**Transformers**

Transformers are created with different wattage ratings, so you will need to make sure you are using the correct wattage to handle what you are plugging into it.

The total wattage of appliances plugged into the transformer must be less than the wattage rating of the transformer. To find out the wattage of an electronic device, if it’s not on the label, you can multiply the voltage of the item by the number of amperes (amps). For
example, if the information on an item says 110V 60Hz 1A, you would multiply 110 (voltage) by 1 (amps) to get 110 watts.

There are also websites that have information on the approximate wattage of electronic and household appliances, for example,

- [https://www.wholesalesolar.com/solar-information/how-to-save-energy/power-table](https://www.wholesalesolar.com/solar-information/how-to-save-energy/power-table)

Research before choosing transformers. If in doubt, buy bigger. Some items (like TVs) need a big surge of power when switched on, so go with three times the wattage (a 500W appliance might need a 1500W transformer). Items that produce heat (iron, hair dryer) will require more wattage.

Transformers that do not have an ON/OFF switch, or have a switch and are turned on, will consume energy while plugged in, even if you do not have an appliance plugged into them. Therefore, you should always keep your transformers off or unplugged when not in use.

As part of your furniture claim, you can purchase and claim 50% of the cost of up to four transformers.

**UTILITIES**

Electricity in Lithuania is 230V. Power plugs have two round pins. The electricity is now universal and there are nearly no service disruptions.

Heating in Lithuania can be especially expensive. The annual "public heating season" is declared by a municipal decree and it is usually longer in kindergartens and hospitals. Given the costs of heating and inability to freely regulate home temperature, this season is nearly always controversial, with many preferring it to be as short as possible while others claiming this would be detrimental to health.

In cities, many homes have centralized gas pipes for kitchens. Others use electricity to prepare food.

Air conditioning has been virtually unknown in Lithuania as late as the early 1990s but now is increasingly believed to be a must in middle-to-upper class public buildings and cars. Few personal homes have it, but the increasingly hot summers make many wishes to consider installing ones.

Lithuanian home owners pay utility bills every month. Typically, every home has hot water, cold water, gas and electricity meters installed. At the end of the month, the owner checks the meter, writes down how much he/she used and pays for such amount based on then-current rates (by bank transfer or at terminals). In case the authorities suspect incorrectly declared usage, they may come to check the meter. In case the utilities are left unpaid, they may be eventually turned off.

**APPLIANCES**

*Please note that this section is currently being developed. If you have questions, contact us at MFSE.RigaRemote@cfmws.com; we are happy to assist you with your new posting. If you have further information to add, please let us know. We are always open to suggestion.*

**BEDS**

You should note that sizes of beds and bedding differ between Canada and Europe. It may be helpful to purchase extra bedding prior to your move, or you may find that you have to have it shipped from Canada. If you plan on purchasing a bed while you are in Europe, do your research to ensure you will be able to find bedding that will fit upon your return to Canada.

**WATER QUALITY**

Lithuanian tap water is among the cleanest in Europe and is perfectly drinkable. This is because 100% of it is taken from abundant underground sources sheltered from human interference.

Follow the link for more information regarding water quality in Lithuania:

http://waterscape.org/home/vanduo/dw_eng/

**GARBAGE AND RECYCLING**

In Vilnius, you have two different garbage bins: one for the domestic waste and one for the recycling. Every two weeks they collect both of them. Likewise, they give you a plastic bag to put your glass inside. You need to put that bag on the top of your recycling bin.

EMPLOYMENT

WORKING FOR MILITARY FAMILY SERVICES (MFS) OR PERSONNEL SUPPORT PROGRAMS (PSP)

If you want to work for MFS and PSP while in Europe, you should bring the following information with you. It will be required to process your file to obtain the required security clearance to work in Europe. Having this information at your fingertips will speed-up the hiring process:

- Copy of passport, SOFA or VISA stamp (some of those, you will get in Europe)
- Another form of government (federal or provincial) photo ID (birth certificate, Driver’s Licence, etc.). If Government photo ID is not available a 3rd piece of photo ID (such as student ID) must be provided
- Five years of resident addresses along with proof (mail, bill, T4, etc.). The dates must be five years from the date of filling out the form back exactly five years from that date (i.e.: 24 Oct 2018 back to 24 Oct 2013)
- Proof of relevant education and professional qualifications (transcripts, diplomas, etc.)
- Proof of previous employment (back 5 years), (work agreements, T4s, etc.)
- Two References (names and addresses at least – reference letters are good to have as well)

SPOUSAL/DEPENDENT EMPLOYMENT ASSISTANCE AND EDUCATION

Our Education, Employment and Training Program Coordinator creates and delivers programs such as the Youth Employment Preparation and the Adult Employability Programs. The coordinator also offers employment and training assistance to working age youth and adult family members. These services include; job search information and tools, career related training and programs, and one-on-one employment assistance (resume writing, cover letter, interview skills).

For information regarding education or employment please contact the MFS(E) Education, Employment and Training Programs Coordinator, Caroline Couture at MFSE.EmploymentEducationTraining@cfmws.com.
JOB POSTINGS

Civilian employment opportunities are published regularly on the CAF Connection Website:
• https://www.cafconnection.ca/Europe/Programs-Services/Employment.aspx

LOCAL EMPLOYMENT

If you are interested in working for a local employer, your SOFA stamp/dependent status does not confer the right to be employed on the economy. This is entirely a matter for the host nation to decide and it is an individual’s responsibility to seek permission from local authorities. The host nation embassy in Canada may be able to assist before departure or upon arrival, consult the appropriate department of the host nation government.

ADULT EMPLOYABILITY PROGRAM

If you will be looking for employment when you return to Canada, MFS(E) can help you to be well prepared through our Adult Employability Program. Through participation in a series of virtual workshops, you can receive help creating a strong resume, cover letter and career portfolio as well as learn and practice interview techniques.

VOLUNTEERING

An OUTCAN posting is a good opportunity to get involved with your community. Volunteer work not only helps support other CAF families and provides social networks and personal satisfaction, but it can help build your skill set and improve your resume.

YOUTH EMPLOYMENT PREPARATION PROGRAM

The Youth Employment Preparation (YEP) Program provides real-life workplace training and employment opportunities to the youth of the CAF members and Canadian Forces support personnel posted in Europe. YEP aims to assist youth - between the age of 15 and 24 who are pursuing full-time studies - gain the knowledge, skills and experience to make a successful transition into the labour market. For more information on this program, see:
• https://www.cafconnection.ca/Europe/Programs-Services/Employment/Youth-Employment-Preparation-Program.aspx
EDUCATION

The World Economic Forum in 2016 listed Lithuania as the 3rd best provider of mathematics and science education within the CEE, and as many as 6 schools in Lithuania currently offer the world accredited International Baccalaureate (IB) program.

SCHOOLS

**International School**

**American International School of Vilnius (AISV)**

AISV is a fully accredited school. Their program have been reviewed and validated by two outside agencies - the Middle States Association of Schools and Colleges (MSA) and the Council of International Schools (CIS). AISV is also associated with the United States Embassy and works with the U. S. Department of State and the Office of Overseas Schools. AISV also works closely with the College Board and serve as an Scholastic Aptitude Testing site. Recently, AISV was authorized to offer the IB Diploma Program by the International Baccalaureate Organization.

Curriculum: American, International Baccalaureate

SCHOLARSHIP AND BURSARY INFORMATION

A variety of scholarships and bursaries are available to serving and former Canadian Armed Forces members and their families. These scholarships and bursaries are funded by educational institutions, government partners and charitable organizations and are not administered by MFS(E). More information can be found here:

The European Fund (EF) Academic Program is established to recognize the academic accomplishments of students graduating from high school who are dependents of European Fund Members and to encourage students to continue towards post-secondary studies. All students accepted and attending a recognized post-secondary institution will receive €500.

• https://www.cafconnection.ca/Europe/Programs-Services/Education-Training/Academic-Scholarship.aspx
POST SECONDARY EDUCATION

An OUTCAN posting can be an ideal time to continue your education, whether through part-time or full-time studies, working towards a degree or certificate, for professional development or taking a special interest course for fun. Studies can be done in person at local colleges and universities or on-line through a variety of institutions.

If you plan on studying with a local university or college, be aware that Canadians may have to pay overseas (international) student fees and these fees can be double or triple what a local student will pay. Check with the institutions to see if part-time studies lower these fees.

Local Institutions

The Canadian Information Centre for International Credentials (http://cicic.ca) can provide you with information related to Canadians studying abroad or returning to Canada with foreign credentials.

If you are looking to continue a degree that you started in Canada, transferring credits or studying on a Letter of Permission from your Canadian university can be challenging due to differences in the educational systems. Do some research into programs available at your local universities and colleges, attend open days, and connect with their international admissions department to see what options are available to you. Your Canadian university may also have information about studying abroad.

If you choose to pursue an educational program locally and intend to use it professionally, you must ensure that it is an accredited program and your diploma/degree will be recognized in Canada. If there is a governing body for your line of work in the province you will be returning to (i.e. teaching, nursing, accounting) you should check with them to determine how they view foreign qualifications. If you plan to continue with higher education upon returning to Canada, you may want to contact the Canadian institution you are interested in attending in order to see how they will assess your foreign education.

Distance learning in your local community may be available; however, if distance learning is your desired method, it may be easier (and cheaper) to go through a Canadian institution.

Canadian Institutions

Many Canadian universities and colleges offer distance education programs. The delivery of these programs can vary based on the institution or field of study, for example, some programs are offered completely online, some may require you to have proctored exams, while others may require you to visit the institution in person periodically.
When choosing a program, it is important to make sure that it is offered through a recognized, authorized, registered and/or licensed educational institution.

To check the current status of an institution you can use the following search tool:

LOCAL ATTRACTIONS

The Lithuanian National Opera and Ballet (1920) in Vilnius is of international renown. Museums of note include the National Museum of Lithuania in Vilnius, the Trakai Historical Museum (featuring artifacts discovered at the island castle at Trakai), and a war museum in Kaunas dedicated to Vytautas the Great. The Mikalojus Konstantinas Čiurlionis National Art Museum, also in Kaunas, displays the works of the distinguished artist, as well as Lithuanian folk art and other national art. The open-air Rumšiškės Museum of Folk Art, located between Kaunas and Vilnius, includes re-created villages depicting 19th-century Lithuanian life in different regions of the country. Martynas Mažvydas National Library of Lithuania in Vilnius (founded 1919) includes documents dating from the 15th century. Vilnius University’s Yiddish Institute (founded 2001) was created to preserve and enrich Yiddish and East European Jewish culture.

Tipping

Tipping is relatively new in Lithuanian culture, with tourists only introducing it in the late ‘90s. Most Lithuanians will not expect any tip, but their service will almost always deserve a form of gratuity.

Tipping at restaurants and bars: The normal 10% tip is appropriate at restaurants. There is no fixed rate; even 20 euro cents is enough tip for some. Bar staff don’t expect tips and may even politely refuse if you give them. If there’s a tip jar, you may leave some small change. For luxury bars, tip as you would in a classy restaurant.

Tipping tour guides: For tour guides, roughly 35Lt (half day) or 75Lt (whole day) should suffice.

Tipping taxi drivers: Taxi drivers won’t expect a tip, but tipping a small amount for good service is up to your discretion. The best way is to round up the total fare.

Tipping hotel staff: Tipping is only expected in top-end hotels that have fairly decent
service. Porters and chambermaids expect a small tip.

**Good to know:** When in Lithuania, avoid saying ‘thanks’ (ačū) after handing the bill if you still want to keep your change. It’s an indication that you’re not waiting for the change.

**GENERAL SHOPPING TIPS**

**Local Store Hours/Sunday/Holiday Shopping**

Vilnius isn’t exactly a shopping mecca, but plenty of tourists find that shopping in the old town is pleasurable and interesting. While many of the large shopping centers outside of town are the most popular spots for shopping, Old Town Vilnius is replete with boutiques, souvenir shops, clothing sellers, bookstores, and more.
Public Washrooms

When you visit a public toilet in Lithuania, never assume that toilet paper will be provided. In certain places, you will need to pay for using public washrooms around 0.30 Euro.

GROCERIES

There are many grocery stores such as Rimi, Iki, Maxima, Norfa and Lidl. If you want to take advantage of all the rebates, you will need a Loyalty Card from each of them. Usually it is around 1 Euro to subscribe for the card.

Most shops, restaurants and service providers accept credit cards, but in rural areas you may have to pay in cash.

**VAT FREE SHOPPING**

Many of name brand stores and grocery stores are able to give you a Faktūra. You will need to provide your name and surname, your address and your accreditation number.

For the Rimi grocery store, you have to go online and complete the form yourself. To be able to put all the information, you need to choose "Legal person" on the form.

They have two different programs for VAT reimbursement. Some of the stores are more common with the tax free shopping but it is a program for tourists. You have to insist sometimes for the other program with your accreditation card.

Internationals and citizens of the Republic of Lithuania must have relevant documents for the entry of pets into the Republic of Lithuania. Pet owners arriving from EU Member States must carry the passport of their pet which must be of the EU approved unified form certifying anti-rabies vaccination or revaccination. Passports are issued by veterinarians only to some animals such as dogs, cats, polecats and ferrets. Dogs, cats and ferrets must be identified and bear a clearly readable tattoo or a transponder (after 3 July 2011 only transponders will be recognised as identification).

Individuals with pets entering the Republic of Lithuania from third countries must have a veterinary certificate issued by a state licensed veterinarian from the person’s country of origin or residence and results of the pet’s antibody tests carried out by a state approved laboratory. Antibody tests have to be performed after the anti-rabies vaccination had been administered. Unvaccinated dogs, cats and ferrets under three months of age shall be brought in from third countries only if the epizootic rabies situation in these countries is favourable.

For additional and more detailed information about the admission of pets into the Republic of Lithuania please contact the State Food and Veterinary Service of the Republic of Lithuania.

IN CLOSING

Your posting to Europe may be one of the most memorable postings you will experience with the Canadian Armed Forces. This experience comes from a combination of your outlook on life, your specific location and your family dynamics. While some revel in relaxed weekends roaming their local area, others are perpetually traveling to various locations otherwise too far or too expensive to discover from Canada.

Through it all, MFS(E) is here to assist you to maximize the good times and overcome any bumps along the way. Our focus is on virtual programming, email and telephone contact and on informational mailings. This may be different than what you are used to, but support is very much available to you, and we await your arrival with anticipation.

This Handbook is a special tool designed with you in mind. You may be surprised at the cultural differences upon first arrival. This guide is set in place to assist you in understanding some of the differences.

We have a Military Family Services Europe Facebook page so please take a moment to follow and ‘like’ the page. It helps get everyone in touch and keep up to date on upcoming events and programs. As this is always a working document and every family’s experience is different, we welcome any recommendations to improve this guide. It is your input that helps us to better serve you. We wish you a pleasant posting and we look forward to meeting with you at any of our organized events or programs, or online during one of our virtual programs. Remember we, are only a phone call or email away.

Welcome!
